WJ & GM DAVIES & SON, PLAINDEALINGS, HAYESCASTLE

Due to the decision taken to cease milk production at Plaindealings after the best part of SEVEN DECADES milking cows, JJ Morris are proud to present a quality herd, full of hardy, milky cows and their young at Whitland Mart.

With over 30 cows freshly calved since February and the remainder throughout the year also bringing a good portion of Summer and Autumn calving cows there will be something for everyone and to suit all calving patterns.

Not recording in any official capacity the cows show excellent yields measured for guide purposes only. Coming from a grass based system with concentrates at milking the cows are served mostly to black and white bulls with some to the Hereford stock bull.

The cows are all cubicle housed, milked through a herringbone parlour and good in legs and feet. This is an excellent opportunity to purchase cows that provide milk, hardiness and longevity. Do not miss it.

The family would like to express their thanks to all neighbours who have helped and supported over the years and since the announcement of the sale.

JJ Morris would also like to thank all at Plaindealings for the opportunity to sell their quality cows.
