

## Whitland Breeding Sheep Sale – Friday, 25<sup>th</sup> August 2017

### Breeding Ewes (1141)

The good weather looked like it was going to interfere with the attendance to the latest sheep sale at Whitland but even though the buyer numbers were down slightly the ones present came up with the goods. With the majority of the high end sheep cleared in the early sales we saw yearlings average less at £105/head but sell to a very good top price of £156 for top quality yearlings from Claire Notley, Weirglodd. Ewes sold to a top of £109 from John Bowen, Marsh Farm and ewe lambs topped at £102

### Breeding rams (86)

Rams were sold at an easier trade but the ones that did catch the eye still managed to demand good prices. Top price of the day was 420gns for a yearling Texel from Thomas, Carswell Farm. Yearlings average £276 throughout while aged rams averaged £127 and ram lambs £235.
