

Whitland Livestock Market Report - Tuesday 17/07/2018

Calves (108) 10.15am

Calf numbers are heading the way we would like with over a hundred forward this week and in turn more regular buyers are attending and providing a very good trade for all breeds and types. The trade for black and white calves at Whitland needs more calves to answer the demand but an entry of weaned Friesians this week provided a good overall average. Top of the day was a Blue steer calf from Evans, Ffynnonwen at £510 who also topped the heifer section at £455 with a Blue again.
