

## Whitland Livestock Market Report - Tuesday 13/11/2018

### Calves (81) 10.15am

A week where the entry was made up of more weaned calves than calves and a good trade throughout. Top prices of £560 for steer calves and £375 for heifers were seen and there were plenty of buyers looking for both calves and weaned calves. The averages were very strong and the weekly option to buy and sell weaned calves needs to be taken advantage of.
