

**MARKET REPORT FOR WHITLAND LIVESTOCK MARKET FOR
SUPER SATURDAY 7th MARCH 2020**

With an extra Saturday in the leap year February it had been three weeks since the last Whitland Store sale and numbers were up as was the trade. Both heifers and steers averaged over £800/head – heifers £804/ steers £823 – and many sold at four figure amounts with top price heifers at £1230 and steers at £1250. The quality of forward stores on display was as good as ever and had obviously been missed with the longer gap between sales. Next sale is Saturday, March 21st. Get your entries in now.

Store Cattle (552)
